The Bitter Truth: There’s Still No Rhyme or Reason to

Crisis management is the process by which an organization deals with a disruptive and unexpected event that threatens to harm the organization or its stakeholders. The study of crisis management originated with large-scale industrial and environmental disasters in the 1980s. It is considered to be the most important process in public relations.

ETHYLENE OXIDE Found in Many Foodstuffs in FINLAND and EU

29.09.2021 · Singapore also knew about the manipulation of Covid-19 data in Malaysia. The newly appointed Health Minister Khairy Jamaluddin
has admitted that the Covid death rate was due to backlogs in data collection. It means neither data on daily infections, nor death tolls was accurate all this while, but has been manipulated to serve political agendas.

30.03.2021 · Knowing the Big Picture behind Covid – the Great Reset, or Building Back Better – in brief the UN Agenda 2030, see this. This testing-testing-testing with a carcinogen-tainted swab is beyond just negligence. Is it possible (yet to be verified) that many of the health staff in the testing front-line do not know about the danger for their testing subjects.

25.09.2021 · Tainted Scarlet Yoshinori. Summary: A bath is in order after such a long week of your pampered life, and you plan to make the most of it. I've never had the chance to love a man, so I want to experience love before I die." Even though it's plainly the truth, you can't deny how sad that must be for someone as grown as you. To have never loved anyone, to never ...
